Dear Pastors, Business Partners, Family & Friends:

We have been commissioned to embark on this journey of "Changing One Life At A Time". We are currently partnering with Leaders in Africa to support the relief of the unsanitary drinking water condition.

Health and Sanitation Diseases from unsafe water and lack of basic sanitation kills more people every year than all forms of violence, including war. 90% of the 30,000 deaths that occur every week from unsafe water and unhygienic living conditions are in children under five years old. Children are especially vulnerable, as their bodies aren't strong enough to fight diarrhea, dysentery and other illnesses.

Women in Africa are more than five times as likely as men to usually go to a source and collect drinking water for the household. Time spent walking and resulting diseases keep them from school, work and taking care of their families. Along their long walk, they're subjected to a greater risk of harassment and sexual assault. With safe water nearby, women are free to pursue new opportunities and improve their families' lives.

Faith, Hope & Love is a 501-C3 non-profit organization, founded in 2003 by Apostle Moses L. Colbert. He is a man with a great vision and a heart to help all people. He has housed over 5,000 men and fed over 1 million people.

We solicit your support with this mission of providing fresh water wells to the people in Africa. Our goal is 1000 wells to be completed by 2014. Please contact us for additional information at 704.840.5527 or 843.801.8645. All contributions are tax deductible.

In Your Service,

Apostle Moses L. Colbert
